Dear Michael,

As Sunset Parking begins its 5th year of service at Duke's Huntington Beach, I want to recognize the outstanding relationship you have built and maintained with our restaurant. Access to parking on the beach in Huntington is always a problem, nearly impossible in the summer months!

We live the Aloha spirit at Duke's and the valet parking service is an integral part of extending that experience to each and every guest. Sunset's core values of Teamwork, Honesty and Integrity, Respect for Each Individual and Continuous Improvement compliment T.S.'s Passions of Pride in each Employee, Enthusiasm for the Customer, Passion for Quality, and a Bug for Cleanliness and Safety.

During the years, Sunset's staff has delivered professional service for our valued guests and your management team has always embraced our special requests. Additionally, when problems have occurred, Sunset has been very responsive and handled them with the utmost care and consideration.

We have enjoyed working with Sunset and know you are a company we can trust with our customers - and their cars. Keep up the good work and congratulations on your many years of valued service.

Sincerely,

Brett Barnes
